Hi David,

We have received notification from BLM that you submitted additional reclamation surety that will be assigned to Sliver 1&2 and Sliver 3&4. I have not yet received your updated paperwork or maps after our last conversations on the phone, which are required in order for us to approve your Notice.

Also, as we stated in the attached letter, we will need a reclamation contract that has been notarized and signed and filled out correctly for the Sliver 1&2 mine (S/001/0035). Here's the link to the file, which you can print out, get notarized, sign, and mail in: https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-RC-SMO.pdf

If I was you, I think I would call me to make sure you fill it out correctly so that we avoid some back and forth that would slow down approval. Glad to see you were able to get additional surety. together.

Peter
